$1000 REWARD

Is offered as a guarantee that neither

Dr. Pierce's Favorite Prescription

NOR

Dr. Pierce's Golden Medical Discovery

contains **alcohol**, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are **medicines not beverages**, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally.

"Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 57 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery, and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

PAUL JONES'S BODY.

Gen. Horace Porter arrived at New York yesterday on the steamer Deutschland.

"The various developments in the identification of Paul Jones's body," Gen. Porter said, "formed a succession of extremely gratifying surprises. I was positive from the location that the body must be that of Paul Jones, but I was not prepared for the remarkable accuracy with which our discoveries comported with the historical records of his sickness and death.

"Most wonderful of all was the autopsy, performed by Surgeon General Dr. Capitan, with the assistance of other anthropoligists. It disclosed a fibrous tissue where the left lung had been affected, confirming our knowledge that Jones suffered from bronchial-pneumonia. The viscera were in perfect preservation, and there were shown all the symptoms of dropsy, a disease that we know he had, and, most strikingly of all, the symptoms of nephritis, the disease from which he died. That these symptoms should be so marked, or, indeed, marked at all, in a body from which life had passed 113 years before, was nothing short of amazing.

"I was also amazed when opening the casket and removing the linen winding sheet, which, by the way, was in excellent preservation, to observe how closely the countenance comported with the bust by Houdin, which the anthropologists had to guide them. The face was a bit shrunken over the cheek bones, but in no spot did the measurements of the body differ from those of the mask by over two millimeters. The resemblance was perfect, even to the disfigured lobe of the left ear. The teeth, were as we know them to have been in the admiral's later days, and the hair was brown, tinged with gray.

"A remembrance of Paul Jones's career as a dandy was given in the fancy shirt, with its ruffles and pleats. It bore the mark 'J.' There was tinfoil around his hands and face and hay around the body; evidently placed there to prevent the body from being disturbed in its casket on the voyage to this country, which the embalmers probably expected it would take.

"There were five caskets, all of them of lead, in the place we found the body. Four of them had name plates. This one had none. It was a mummy-shaped casket, round over the place for the head, and displayed fine ornamental lead work.

Deaths and Suicides From Heat.

Overcome by heat and humidity yesterday afternoon two men plunged to their death in New York. John McCerreron, aged 35, fell down a flight of stairs from the second to the first floor at his home and broke his neck. Samuel Schultz, aged 42, was overcome while at work on the roof of the building at 280 Brooke avenue and fell to the ground. His skull was fractured and he died instantly. In all 13 persons were killed by the sun's rays yesterday and 16 were prostrated. One man became a raving maniac. A shower at noon caused a drop of 8 degrees—from 85 to 77—and afforded some relief. The harvest of death during this spell has already been appalling. David Schessler, a tailor, brieviolently insane from the heat yesterday afternoon, and caused a panic in the big tenement where he lived before he was subdued and taken in a straight-jacket to Bellevue Hospital. Schessler had been ill for sometime with influenza, and the hot weather greatly added to his sufferings.

The terrific heat of the past week has precipitated an epidemic of suicides in Utica, N. Y., and vicinity and is also accountable for a heavy mortality among the aged and the invalids. On Wednesday night August Hunt, a civil war veteran, driven insane by the heat, swallowed carbolic acid and his life is despaired of. Tracy Chezbro, of Bridgewater, a prosperous farmer, hanged himself with a horse net, and Henry Toff, a farmer living near Lowville, cut his throat with a razor. The death list among persons past 70 years and among invalids has been greater in Utica and vicinity during the past 10 days than in any similar period in several years. The physicians ascribe it to the overpowering humidity and high temperature. The mercury has stood between 90 and 95 for the past week, with the humidity ranging around 84.

Murder Mystery.

The body of a woman was found yesterday afternoon near the links of the Arlington Golf Club, near Belmont, Mass. Her throat had been cut, a deep, jagged wound having almost severed the head from the trunk. The identity of the woman has not been learned. The body was found behind a stone wall, and from the general appearance of the ground in the vicinity it was judged that the body had been dragged there some time Wednesday night. The victim was about thirty years of age. The deed was committed on uncultivated land, within seventy-five feet of the stone wall beside which the body was found and marks along the ground and among the shrubbery, indicated that some heavy object had been dragged for several feet. There were further marks, as if a struggle had occurred. The murderer evidently had attempted to get the body of the woman over a barbed-wire fence which skirts a small pond used by several householders as a source of their water supply. Failing to get it over the fence, the murderer left it in a gully alongside of the stone wall. The officers in their examination of the ground found numerous blood marks. In addition to the hat, a pair of cuffs belonging to a man's blue striped shirt was picked up near the pond. There were blood stains on the cuffs. A woman's pocketbook and a whisky bottle the latter nearly empty, were found. In the pocketbook was a slip of paper on which were written two names, a man's and a woman's, but the officers refuse to tell what they are.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes. "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At E. S. Leadbeater & Sons drug store; price 50c. guaranteed.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Billousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation.' Good for either children or adults. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick streets,

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars For sale by Gibson & Timberman and W. F. Creighton & Co.

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:—

"I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

Mrs. T. C. Willadsen

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, my monthly periods started; I am regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, JULY 14, 1905.

A DISPATCH from New Orleans says that Camp No. 2 of the Army of the Tennessee, Confederate Veterans, has threatened to secede and withdraw from the United Confederate Association, charging that federal officers and soldiers have been appointed to represent Confederate camps at annual reunions and that their daughters have been selected as sponsors, instead of southern girls; declaring that the reunions have degenerated into mere occasions for display for prominent officials and for enthusiasts of the gentler sex. A resolution to this effect was introduced at a meeting of the Tennessee Veterans Wednesday. It was voted down, 22 to 14, but it was intimated by the movers and supporters that the fight has just started and that it will come up in other ways. The resolution declared that the Confederate reunions had drifted far from the object for which they were created; that they had degenerated into meetings where the most important business was to propitiate the other side with votes of thanks to Presidents of the United States and to grand army posts; where resolutions concerning important facts and occurrences of Confederate history, or relating to persons connected with it, are deemed inopportune, controversial or political and therefore to be squelched. The action noted above was foreseen years ago when the first symptoms of gush were manifested. That there should be a friendly feeling between the two veteran organizations of the war is beyond controversy, but that there has been too much effervescence for soul has long been apparent. Ex-Confederates in blue have done much toward effacing the memories of the Southern Confederacy, if not eliminating entirely those reminiscenses which are still dear to many. The Tennesseeans are by no means premature in endeavoring to call a halt in a tide which will eventually cause each organization to cease to respect the other.

GOVERNOR MONTAGUE and his admirers are still endeavoring to persuade the people of Virginia that Senator Martin should be shelved in order that his excellency's ambition may be satiated, and in their attempts to accomplish this purpose are becoming wearisome to many who heretofore have not manifested much interest in the matter. There is in reality no issue so far as the people of Virginia are concerned. It is simply one of those common incidents where one man is coveting another's position —an "out" vs. an "in." Considerable breath has been spent and much ink wasted by the Governor and his champions in futile attempts to minimize Senator Martin's usefulness during the time he has faithfully and efficiently represented Virginia in the Senate, and, so far as any unbiased eye can see, nothing has been abduced to show that he should not succeed himself.

THE SELECTION of M. Sergius Witte as chief of the Russian peace plenipotentiaries is justly regarded as portending an early peace between Russia and Japan, as he was from the first opposed to provoking Japan to precipitate war. Had his council been heeded his country would have been spared the loss of many thousands men and millions of money, to say nothing of the humiliation to which she has been subjected during the past eighteen months. M. Sergius Witte is desirous of strengthening the things that remain, in order that Russia may begin at once to recuperate from her many reverses. He was averse to Russia's occupancy of Manchuria after assuring other powers that she would keep out of that portion of the world. Had the Czar withdrawn when advised to do so he would have been spared the disgrace of being forced therefrom by the Mikado.

THE ANNUAL reunion of the Presbyterians of southern Pennsylvania, Maryland and the two Virginias was held at Penmar Park, Md., this week. While the hot wave has held sway, causing physical, mental and spiritual torpor, these brethren have been discussing predestination and endeavoring to make plain to the world the difference between that doctrine and fatalism. Expatiations on these subjects in cool weather have a decided tendency to drive some to distraction and equally as many from churches, although those whose minds run on them doubtless mean well. Such subjects are beyond the grasp of finite minds, and whatever may be the individual convictions entertained, they rather tend to confuse the masses when dwelt upon in pulpits.

IT IS REPORTED in Richmond that Mr. Thomas F. Ryan, the New York financier, who retains his home in Nelson county, Virginia, is laying his plans to succeed United States Senator Daniel. This in all probability will be news to Mr. Ryan.

The mercury at 3 o'clock registered 86° with no diminution in the humidity.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., July 14.

None of the enlisted men candidates for commissions in the army can be appointed this year owing to the lack of vacancies to which they are eligible under the law. The report of the board which examined the twenty-eight enlisted men at Fort Leavenworth, Kans., recently, has been received by the War Department and approved by the Acting Secretary of War. Only twelve men were reported physically, mentally and morally qualified and these men will be given certificates of eligibility which, while not placing them in a position of getting a commission as vacancies occur during the coming year, will give them certain privileges at their respective posts.

With the further testimony of Oscar J. Ricketts, foreman of printing of the Government Printing Office, and a few minor witnesses the special commission investigating the contract for the purchase of 72 Lanston typesetting machines, will conclude its investigation today or tomorrow. Its report will be made direct to President Roosevelt. It is believed here that as a result of the investigation the contract for the Lanstons will be cancelled and for the present, at least, no more Lanstons or Mergenthalers will be bought. Foreman Ricketts has testified emphatically that no additional machines are needed and that Public Printer Palmer told him he did not know what he would do with the Lanstons when delivered. Such an outcome would be a decided victory for the hand compositors, who fought against the use of typesetting machines by the government from the start. They say now that it will be a long time before another machine is bought for the big printery.

Brigadier General William H. Carter, U. S. A., who was the principal army assistant of former Secretary of War Elihu Root, will return to this city soon as president of the Army War College. This is one of the most important army assignments at the disposal of the Secretary of War. Gen. Carter is now on duty in command of one of the military departments in the Philippines.

"I didn't come back here for my health," was the way Richard Cheatham, Secretary of the Southern Cotton Growers' Association, explained his presence in Washington this morning, when asked if he had any additional information upon cotton report leakages to furnish the authorities. Mr. Cheatham reached Washington in company with Harvie Jordan, president of the association, last evening, having come from Atlanta, where he went after the dismissal of Holmes, to report to the southern planters the result of the opening crusade against crop report manipulations in the Agricultural Department. Mr. Jordan went to New York and will probably visit President Roosevelt at Oyster Bay for the purpose of presenting in person the requests of the cotton planters for a complete clean-up in the crop statistics business of the government. "I have received no further request from Mr. Wilson or the Department of Justice to assist in the investigation," said Mr. Cheatham. "I am here to safeguard the interests of the Association. I notice that Secretary Wilson says the New York brokers are gamblers and he will not believe them. Surely they are entitled to as much credence as men of the stripe of Holmes." Mr. Cheatham was told that Secretary Wilson had announced that without evidence of actual wrongdoing he would not dismiss a single employe of his department, no mater what insinuations or inferences were made as to guilt, and was asked if he had any more evidence like that he offered against Holmes. "I'm not going to say at this time," he answered, "but you see me here, and I did not come up for my health, or merely to observe." It is believed that the Cotton Growers' Association, owing to the notoriety attaching to recent developments, has received a lot of information, much of it from inside and anonymous sources which will be turned over to Secretary Wilson and District Attorney Beach for what it is worth in the investigation.

The Interior Department has received a telegram from Inspector O'Fallon, at Boise, Idaho, stating that the local grand jury has returned about 10 indictments charging fraud in land dealings. The jury was called in special session at the request of President Roosevelt several weeks ago. Several prominent persons are included in the returned true bills.

Gov. Magoon has cabled an additional case of yellow fever from Panama. The patient is G. H. Harper, an American employee, who was taken sick at Panama on July 6th.

Wyatt Archer, a clerk in the Treasury Department, has filed a voluntary petition of bankruptcy. His liabilities, due to his connection with the Capital Savings Bank, are $100,829 and his assets $1,800.

Germany and Sweden.

Stockholm, Sweden, July 14.—The minister of marine today in an interview with the correspondent of the Publishers' Press refused to either confirm or deny the reports that the proposed visit of a large German fleet to Swedish and Norwegian waters is intended as a demonstration of sympathy toward Sweden in the trouble which has led to the breaking of the union between Sweeden and Norway. The announcement has been made that a fleet of six battleships will arrive at Gothenburg and eight cruisers at Udevalla on July 30, while a still larger fleet is due to arrive at Stockholm, Norrkoping and Karlskrona on August 3. The announcement, coming after the meeting yesterday between King Oscar and Crown Prince Gustavus, at Gefle, has created the impression that the visit of the Kaiser was more than an ordinary courtesy call.

Body Recovered.

New York, July 14.—The body of John Gracie, who was the engineer of the yacht Normandie, which was run down and sunk by the Swedish steamer Volund, Tuesday night, off Dobbs Ferry, was found floating in the Hudson river near Irvington this morning. The bodies of Capt. Storm and Miss Gladys Dodge, who also went down with the yacht are still missing.

Collision of Trains.

Chicago, July 14.—Two men were killed and seven seriously injured in a collision between the Chicago and eastern Illinois southbound suburban train and a passenger train from St. Louis, at Steger, Ills., this morning. It is claimed that the accident was due to an open switch directly in front of the Steger station, which is 29 miles from Chicago.

News of the Day.

It is said to be a foregone conclusion that the President will remove many of those interested in the Lanston typesetting machine contract.

Secretary Wilson denies emphatically that he has any intention of resigning from the Cabinet as a result of the scandal caused by the sale of crop statistics to New York speculators.

The final session of the Catholic Educational Association's convention, in New York, yesterday, was occupied with a discussion of Catholic text-books. Right Rev. Mgr. Denis J. O'Connell, D. D., of the Catholic University, Washington, was elected president.

Chief Fire Marshal Spangler and the presidents of the five fire companies of Hagerstown, Md., filed a protest against the curfew ordinance passed by the City Council Wednesday night. As a result, Mayor Strite at a special meeting of the Council last night vetoed the measure.

It is reported that President Roosevelt may ask Major General Leonard Wood to abandon his work in the Philippines and to do for Panama what he did for Cuba; namely, rid it of yellow fever and establish sanitary conditions to make it possible for this country to build the Panama canal.

A dispatch from Stockholm says that a German-Swedish alliance is seriously contemplated. The question, it is said, was discussed at a conference between Emperor William and King Oscar on board the imperial yacht Hohenzollern, at Gefle, yesterday. The conference lasted from two to three hours.

Floods in Virginia.

Highwater in midsummer is the phenomenal condition existing in the James river valley now. Phenomenal rains have fallen daily for a week and much damage has been done by the sudden rising of small streams. A flood is expected at Richmond in the next 24 hours.

Dispatches from Roanoke say that the heavy rains during the past 10 days have caused the mountain streams to rise very high, in some instances higher than since the freshet of 1878. Reports show that great damage was done Wednesday night. The lowlands have been swept clean and many bridges carried away.

At Radford, a new iron bridge being built across New river for the Norfolk and Western Railway was badly damaged and two spans of falsework were swept away. The river at that point rose 19 feet and traffic was delayed eight hours.

At Pulaski, Peek creek is higher than in years, and great damage has been done to roads and streets.

At Wytheville the precipitation in 12 hours was 3 inches, and Reed river is higher than it has been in 30 years.

At Irving, Goose creek is sweeping everything clean.

At Roanoke the rainfall for the past 12 days has been 7.38 inches, while the average monthly rainfall for that section is but 3 inches. Roanoke river rose fast after midnight Wednesday, and families living in Peedee bottoms were endangered and fled to the hills. Trains have been greatly delayed by washouts.

Color Line Strike Fails.

A two-day strike of white girls employed in the office of A. J. Logan & Co., of Pittsburg, Pa., mattress makers, ended at noon yesterday, although Estella Wells, a colored girl against whom they struck, is still employed in the office, wearing real cuffs and high-heeled shoes, while the white strikers are sewing rags back in the shop in the same old way. Two days ago one of the white girls reported seeing a negress working in the office as stenographer. A committee of the white girls demanded that the colored girl, whoever she was, be discharged, saying they were not willing to slave in the sewing shop while a negress was employed in the office. Superintendent R. B. Harrison told them the firm had employed Estella Wells, late of the Pittsburg High School, to do office work and would keep her. If the white girls didn't like this they could go. There was a strike lasting 36 hours, during which time all the white girls were discharged. Yesterday morning most of the girls came back, and on assuring the superintendent that they didn't care if he employed a Malay in the office, were reinstated.

Royal Arcanum.

New Haven, Conn., July 14.—The session of Grand Lodge, Royal Arcanum, which yesterday convened for the purpose of taking some action concerning the recent marked advance in the assessments in the order, was an animated one. Three resolutions were submitted to the Grand Council asking the Supreme Council to reconvene and reconsider the new table of rates. The resolution submitted by the Stamford Lodge was adopted. It was in substance that the supreme representatives of the council be instructed to sign a petition to the Supreme Council asking that it be reconvened at an early date to recommend a new table of rates, and devise some method by which the council can raise a sufficient amount of money to pay the death claims without the high rates recently levied on the old members. This resolution was adopted by a majority vote, there being some opposition to it.

He Needed the Money.

The alleged shortage of W. B. Jenkins, money order clerk of Portsmouth postoffice, is $1,900. He returned $800 to Inspector Bulla yesterday and says he will restore the $1,100 balance if allowed a short time. The discovery of the alleged shortage was due to assigning a woman clerk to the money order desk as more suitable for her and transferring Jenkins to another place. In explaining the new duties to the woman, Jenkins had to admit that his accounts were so confused that he could not understand them, and when Inspector Bulla was called he discovered the shortage and suspected Jenkins. Jenkins said he used the money in his ambition to become a paymaster in the navy, for which he had stood a civil-service examination. A man was dismissed from the same office three years ago for using $2,000 of the government's money, which was restored by his sureties.

Lost on Pike's Peak.

Colorado Springs, Colo., July 14.—Misses Josephine and Edna Filter, of Maquoqueta, Iowa, probably are lost on the slopes of Pike's Peak. They were members of a burro party that left Manitou Tuesday to ride to the summit, but they have not returned, and their friends are greatly alarmed.

Virginia News.

Mrs. Annie B. White died at her home in Winchester yesterday.

Dr. Robert D. McIlwaine, who was stricken with paralysis last Monday, died at his home in Petersburg, last night.

Dr. J. C. Munday, a prominent physician and wealthiest citizen of Amherst county, died suddenly yesterday, aged 75 years.

Maj. Holmes Conrad, of Winchester, says there is no truth in the report that he is to resign or retire as special counsel for the government.

The second annual session of the Virginia School of Art has opened at the University of Virginia, with a very large number of students.

Miss Brucie R. Clem and Lovell R. Hofman, a young couple from Rivertoo, went to Hagerstown, Md., on an excursion train yesterday and were married.

John R. Tillett, chairman of the committee of Mosby's men, was in Fredericksburg yesterday completing the arrangement to hold a reunion in that city on August 31.

Mr. William H. Gale, a wealthy citizen of New York, has purchased the large farm of Mr. Henry J. Houpt, near Leesburg, containing 300 acres. The price paid was $16,000.

Roger Gibson, aged thirty-two, chief clerk in the city treasurer's office at Charlottesville, a prominent Elk, and one of the most prominent young men of the city, died suddenly yesterday afternoon.

The great Roanoke fair, to take place September 26 to 29, inclusive, in the city of Roanoke, promises to eclipse the very successful exhibition of last year. It will be under the same liberal and aggressive management.

Gov. Montague will deliver an address at Leesburg at 1:30 o'clock on Thursday, July 27. He will speak at Middleburg at night of the same day, and at Rectortown, Fauquier county, at 2:30 o'clock p. m. on Friday, July 28.

Senator Martin is back in Richmond again, after speaking in Surry county, yesterday. He will not leave Richmond again until Saturday, when he will attend the unveiling of the Confederate monument at Amelia Courthouse. He is in fine spirits concerning his canvass.

Virginia pharmacists, with their wives and daughters, to the number of one one hundred strong, were heartily welcomed to Rhode Island by Governor George H. Utter, as the guests of the Rhode Island Pharmaceutical Association, at Providence, yesterday. The visiting Virginians include the State Board of Pharmacy.

Rev. Augustus Davidson, a Congregational Church minister, of Charleston, South Carolina, has left his church and has been confirmed in the Episcopal Church. He has become a postulant for holy orders in the Diocese of Virginia, has been licensed lay reader, and as such, by appointment of the bishop, is in charge of Cople parish, Westmoreland county.

Rector C. P. Jones, of the University of Virginia, has issued a call for a special meeting of the board of visitors of that institution, to be held at the university on Thursday, July 20, for the election of two professors in the Medical School to fill the chairs recently vacated by Dr. William G. Christian, professor of anatomy and surgery, and by Dr. Augustus H. Buckmaster, professor of gynecology, obstetrics, surgical diseases and abdominal surgery.

As a sequel to an introduction by S. P. Hatton, president of the Powhatan Female College, of Charlestown, W. Va. Miss Elsie Miller, daughter of Mr. William Miller, of Hume, Fauquier county, and Mr. J. Edward Elgin, of Washington, were married by Rev. Robert S. Coupland, of the Church of the Ascension in Baltimore yesterday afternoon Miss Miller left her home, in Virginia, early yesterday morning supposedly to visit friends in Ronceverte. At Marshall she was met by Mr. Elgin, and the young couple proceeded to Baltimore where they were married.

Representative James Hay, who is in Washington, had something to say last evening about the attack by his colleague, Representative W. A. Jones, on Senator Martin. He analyzes the letter Mr. Jones wrote to Col R. N. Harper, in vigorous fashion. "That letter," said Mr. Hay, "displays a lack of accurate information about the happenings in Congress under his own eye, and an ignorance of the organization and names of the committees of the Senate that are simply amazing." The two Virginia Senators, he declares, have vied in giving each other credit for what has been done in Congress, and says the junior Senator is not putting up arrogant claims before his constituents.

Bombardment of Karsakorsk.

An eye witness of the Japanese bombardment of Karsakorsk wires to Tokio that the Russian forts were silenced on July 7 after the exchange of a very few shots. The piers, warehouses and other buildings were set on fire and the conflagration was reflected by the foggy atmosphere, converting the sky into one mass of blood-red color. The Japanese army landed amidst the fire, which was fast spreading to the forts. The infantry quickly captured the forts from the tops of which the bewildered inhabitants were seen fleeing in every direction carrying what property they could remove. The fire were not subdued for over 48 hours.

A dispatch from Sipinghai, Manchuria, says that quiet continues along the front, but the Japanese are still moving in Korea. The Russian trains move as far as Changtafu. Information from the Japanese lines indicates that the rank and file are exceedingly anxious for peace. To counteract this feeling Field Marshal Oyama is continually issuing glowing appeals to the patriotism of his armies.

Sea Serpent Ducked Him.

George Cole, a fisherman, believes he came in contact with a sea serpent Wednesday, off Scituate harbor Massachusetts. While rowing about a mile off shore Cole's boat was overturned and he was thrown into the water. The boat was righted, and, after he had climbed into it the boat was overturned again. Cole got in a second time and rowed ashore. Cole claims to have seen the black coil of a sea serpent on the crest of a wave. He declares that there are no submerged rocks in the vicinity, and the presence of a sea serpent at Cohassett, on Tuesday, if observers are to be believed, led many to credit the sea serpent explanation of Cole's two duckings.

Today's Telegraphic News

Peace Plans and Panama Canal.

Oyster Bay, N. Y., July 14 —Peace plans and Panama canal projects are claiming President Roosevelt's attention today.

Mr. Takahira, the Japanese Minister, Chairman Theodore H. Shonts and Chief Engineer Stevens of the Panama Canal Commission, all reached Oyster Bay on the 12:20 p. m. train, and were taken up to Sagamore Hill in one of the President's carriages. They will take luncheon with President Roosevelt and Mrs. Roosevelt, and leave for New York on a late afternoon train.

Just what features of the peace problem Mr. Takahira will take up with the President was not indicated by the Minister when he made the appointment, but it is supposed that he will indicate his unqualified approval of the selection of M. Witte as the chief Russian plenipotentiary and will endeavor to ascertain if possible, what news of importance was conveyed to the President by Baron Rosen during his call yesterday.

"These Russians and Japanese gentlemen are watching each other's movement very jealously," said a man who was a guest at Sagamore Hill yesterday, "and I felt certain when I saw Baron Rosen at the President's home, that Mr. Takahira or some other prominent Japanese diplomat would show up very soon."

President Roosevelt had never met Engineer Stevens, of the Panama Canal Commission, before the latter's visit today. Shontz and Stevens are to leave for the isthmus within a few days, and the President wished to have a consultation with them before they sailed.

John Riis, of New York, who was a guest at Sagamore Hill over night, left Oyster Bay on a morning train.

Assistant Secretary H. F. Barnes, who will be in charge of the executive office force after Sunday during Secretary Loeb's "month off" is expected to reach Oyster Bay tomorrow, with Mrs. Barnes. They will make their home at the Thompson cottage, where most of the White House employes are quartered.

Walter Scott In New York.

New York, July 14.—Walter Scott, miner, smasher of railroad records, and high flier from out of the west, known familiarly as "Scotty," blew into our midst this morning on the Twentieth Century Limited from Chicago. Dressed in a blue serge suit, and leading his now famous yellow dog by a piece of string "Scotty" hit it up for the blazing trail of Broadway. "Wher's your cash," asked one of the crowd that gathered at the Grand Central station. "All here," said "Scotty," slapping his right hand pocket while a couple of of crooks in the crowd began to shed tears of real joy and a crowd of thirsty ones, who had heard that "Scotty" would turn the breweries loose, hung out their tongues in anticipation. "Scotty" had hardly left the train before he was lassooed, dog and all and bundled by newspaper men in a cab which was quickly constituted into a "Seeing New York" coach. "Scotty" said he did not have any baggage, but the reporters promised him he would have enough to carry before night.

"Scotty," after taking a whirl through the burg, took his dog, "Goldbug," to a livery stable and then went to the Herald Square Hotel. In characteristic vein "Scotty" said:

"Boys, don't think I am a sucker that burns good money to make the government richer. I believe in spending, but I also believe in getting my money's worth. I spent $10,000 on my way from Los Angeles to this city, and I like your town so well, that I'll spend $15,000 here in my brief stay." "Scotty," visited the stock exchange at noon.

Agrarian Disorders.

Odessa, Russia, July 14.—Agrarian disorders are spreading rapidly throughout southwestern Russia, and so far all efforts to check the disturbances have failed. The situation is rapidly becoming alarming, as the authorities of the various governments where the peasants have risen against the landed proprietors have been unable to cope with the aroused people. In the districts of Podolia, Kieff, Kharkoff, Kherson, and Isherngof the peasants are in open revolt. They have systematically destroyed the farming machinery belonging to the land owners and in some cases have looted the estates. They have announced their intention of taking possession of the large estates, declaring that the peasants are the real land owners. The rich residents of these districts are terrorized and many of the land owners have fled from their estates taking their families with them, and leaving the peasants in undisputed control. The authorities have done their best to quell the peasants, but so far have been unable to put an end to the disorders. Grave fears are entertained that unless the disturbances are checked very soon, the lawlessness will spread to other districts.

Murderer Lynched.

Mobile, Ala., July 14.—While it had been intended by the Honduras authorities to legally execute Robert McGill, the negro fiend who killed twelve people on the schooner Olympia, off Utilla, despite the laws which do not allow capital punishment, Captain Boe, of the Norwegian fruit steamer Condor, which arrived here last night from Ceiba, says that McGill was mobbed soon after being placed in jail. He was taken to the Morgan home, tied to the veranda and dispatched with a volley of bullets. Miss Elsie Morgan, the only survivor from the Olympia, was in the house at the time. It is claimed that McGill was a British subject and that international complications may result.

Last Fish Story.

Naples, July 14.—A story which equals the usual warm weather tales of the sea serpent comes from Messina, Sicily, and has aroused a great deal of interest. A boy of eight disappeared several days ago and no trace of him could be found, though a search has been made of the entire neighborhood. Fishermen caught a dogfish which measured seventeen feet and when the monster was cut open the boy's body was found intact in the stomach of the fish. The mother of the boy has positively identified the body as that of her son.

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

The Market.

Body Identified.

Boston, July 14.—The woman found murdered on the grounds of the Arlington Gold Club, in Belmont yesterday afternoon, was identified this morning as Emmeline Schidlosska, the wife of John Schidlosska, a Pole living in Brockton, and working as a barber in South Braintree. Officers are now searching for the husband, Schidlosska just after 11 o'clock last night awakened his former employer, Charles Grissley, in Braintree, and asked him to give him the key to the barber shop that he might get his tools and some other belongings. Schidlosska seemed greatly excited as he talked with Grissley. He got the keys, secured his belongings, and when he returned the keys, said: "Good-bye, I am going to California." Schidlosska left Grissley's employ last Saturday night, saying he was going to California within a few days. Schidlosska for a long time had talked with his employer regarding his intention of going to California as soon as he was able to do so. Although Schidlosska had not been seen by Grissley since Monday night, several persons who knew him saw him board a Boston bound train at Brockton Tuesday afternoon. The body of Mrs. Schidlosska, with the head almost severed from the trunk, the chest stabbed again and again and horribly mutilated, the face so crushed as to be almost unrecognizable, was found yesterday afternoon at the extreme corner of the Arlington Golf Club links, near the Belmont line. The murder is one of the most atrocious in the annals of Boston.

This morning an aunt and an uncle of the dead woman were brought to Arlington by State officers and made complete identification. They at once said the woman was the wife of the missing barber, to whom she was married but a few months ago. The dead woman and her slayer, according to her aunt, left home Wednesday afternoon ostensibly to make a visit. At the time both were apparently in the most amiable spirits. The murderer and his victim evidently lost little time in going to the scene of the tragedy, where both were unknown. Briefly stated, the theory of the state police is that the murderer, tiring of the woman, and wishing to be rid of her planned her death, at the same time laying out a line of escape, part of which included the tale of going to California, to throw the police off his trail. They charge that he deliberately lured the woman to Belmont, which he knew was lonely and where neither was known, to put her away. The theory is now advanced by officers investigating the case that robbery was the motive for the crime. Mrs. Schidlassko had been a domestic before her marriage, and it is believed that she had saved up fully $1,000. It is thought that with this money in her possession she was lured away to Arlington on some false pretense.

Russia's Representative Assembly.

St. Petersburg, July 14.—It is reported that Prince Sviatopolk Mirsky will probably be named as president of the proposed representative assembly. He is expected to return soon to St. Petersburg, which he left after his retirement from the post of Minister of Interior on account of ill health. Prince Sviatopolk Mirsky, during the time he served as Minister of the Interior, used all his efforts toward bringing about the needed reforms in Russia, and it has always been popularly believed that his resignation as minister was due as much to the fact that he could not carry out his reform ideas to the extent that he desired as to his poor health, which was pleaded as an excuse for retiring. If he is named as president of the assembly, the appointment will therefore probably prove popular. The reports that M. Bouligan, the present Minister of the Interior, is soon to retire are apparently well founded. General Trepoff, the Assistant Minister of the Interior, is the only man meutioned as his probable successor.

Charged With Passing Worthless Checks.

New York, July 14.—Herbert L. Klous, son of a millionaire New York silk importer, and Don M. Hersch, son of a millionaire Pittsburg brewer, who were arrested on Monday last charged with passing worthless checks, were arraigned before Magistrate McAvoy today. Detective McConville, who made the arrests, stated that it was his belief that the prisoners had raised at least $20,000 on bad checks. He said that he had in his possession three warrants each from Philadelphia, Washington and Pittsburg for the arrest of the young men and the number of complaints would total forty-two. The prisoners were remanded to the Tombs under $5,000 bail each for examination on Wednesday of next week.

Bodies to be Exhumed.

New York, July 14.—District Attorney Clarke, of Brooklyn, today decided to have the body of Frederick E. Carleton's second wife, who died March 10 of tetanus, exhumed in order that an autopsy may be performed. It is believed that as a result of an autopsy that it can be definitely determined whether Carleton's second wife, insured for $3,000, came to her death by natural causes, or as the result of poison. It is also probable that the body of Carleton's first wife, who died at Washington, D. C., in June, 1904, and who was insured for $3,000, may also be exhumed. Both women are buried in Brooklyn.

Dynamite in a Court Room.

London, July 14.—Dispatches received from Wellington, New Zealand, state that during the trial of a civil case, which was being heard at Murchison, the defendant in the suit suddenly exploded a stick of dynamite in the court room. The man was blown to atoms, and the judge who was hearing the case and a police inspector were badly injured in the explosion. The front of the court house was demolished.

Missing Man.

Buffalo, N. Y., July 14.—Since last Tuesday Thomas Boyd of local No. 70, Minerva, Ohio, delegate to the Potters' convention, here, has been missing. Boyd had a large sum of money with him. He was registered at the Victoria Hotel, and on Tuesday night complained of not feeling well. The police are making a search for him.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by Gibson and Timberman and W. F. Creighton & Co.

Meeting of Directors.

New York, July 14.—At a meeting of the directors of the Equitable Life Assurance Society, held this morning, twelve new directors who had been recommended by the trustees of the majority stock of the company, were elected and the resignations of three former directors were accepted. Francis Garvin, Assistant District Attorney, this morning called upon Robert H. Hunter, First Deputy Superintendent of Insurance, to make a request for a copy of the evidence taken by Superintendent Hendricks in his investigation of the Equitable. District Attorney Jerome has been hampered in his preparation to proceed criminally against members of the Equitable Society, in case he thinks they have been guilty of wrong doing, by the lack of having the evidence at hand. All of Mr. Jerome's efforts to secure a copy of the evidence have proved unavailing, although he was promised by Governor Higgins, some time ago, that he would be furnished with a copy. Mr. Garvin yesterday called at Mr. Hunter's office, but could not find that official. Mr. Jerome then made public the correspondence he has had with Governor Higgins showing that he was promised the report. Mr. Garvin's visit this morning was not productive of results so far as securing the desired copy of the evidence was concerned. He saw Mr. Hunter, and it is reported that they had a lively interview. Mr. Garvin would only say as he left the office that he had been unable to get a copy of the evidence.

Superstition in Russia.

Moscow, July 14.—During the last few days the women of the village of Klimonsko have organized processions and indulged in various rites of a superstitious nature, for the purpose of driving away devils, which are supposed to be responsible for the ravages of cholera throughout that region. The women have been worked up to such a state of fanaticism by these demonstrations that the authorities have been obliged to order their discontinuance as the result of a murder tragedy which was the outcome of a recent demonstration.

Windsor In Flame.

Halifax, N. S., July 14.—The town of Windsor is threatened with destruction by fire. Already the Dufferin Hotel, the railroad round house and several residences have been consumed.

Sugar Reduced 20 Per Cent.

San Francisco, July 14.—A reduction of 20 per cent in all grades of sugar has been announced. The cut is attributed to the weakness of the raw sugar market, the price of article having recently dropped 1¼ cents a pound. The decline in raw sugar has been in a measure caused by the excellent prospects in Europe for a large increase in the beet sugar output, and the crop, which forms a little more than one-half of the world's output will come into the market in August.

New York Stock Market.

New York, July 14.—The most prominent feature of the stock market this morning was Southern Pacific, which was sold on a large scale during the first hour. Later the market rallied about half a point.

FOREIGN NEWS.

All France is celebrating the national holiday commemorative of the fall of the Bastile. The usual holiday festivities are being engaged in all over the country.

A dispatch from Vienna, Austria, says it is learned today the price paid by John R. Drexel, of Philadelphia, for the 1,000 ton yacht Vergelia, which belonged to the late Baron Nathaniel Rothschild, and which Mr. Drexel has purchased, was $134,400.

The Cameron Street Track.

The application to the City Council by the electric railway company for permission to extend their Cameron street track west to Mr. Benj. Baggett's line, and thence southwest to the King street track in order to complete the double-tracking between this city and Washington, has interested most Alexandrians, more especially those who work in Washington or transact business in that city. Some, however, seem disposed to hamper the project for reasons best known to themselves. The electric railway company recently acquired land north of and adjoining the old fair grounds, and merely ask permission to reach the same via Cameron street. Some perions suggest several provisos in case Council grants the request of the petitioners, one of which is a money consideration. The injustice of such a procedure should be apparent. There is every reason to believe that the electric railway company is endeavoring to meet the requirements of the people of Alexandria, and instead of throwing obstacles in their way efforts should be made to facilitate their legitimate aims. The double-tracking of the road and the purchase of additional rolling stock has rendered transportation easy and certain, and trains arrive and depart on time, a desideratum long sighed for. It seems that obstacles, many small but annoying, are ever in the path of enterprises in Alexandria. Several years ago it was believed that the railway company was ready to pay for the King street improvement provided they were allowed to double-track from Washington street west. A money consideration of one thousand dollars per annum was said to have been the cause of the abandonment of the plan. When the road was opened between Alexandria and Washington in 1896 no trains were allowed to run until damages were paid for passing a sunken meadow near Spring Park, and a few years later the company incurred great expense in paying for eight feet of new paving throughout the entire length of King street and the laying of new rails. Later the company paved a square on Fairfax street and one on Prince street with vitrified brick at its own expense. In addition to these the company pays $1,600 a year for the privilege of running trains down Royal street. Most people hope Council will by a unanimous vote grant the request for the extension of the Cameron street track, and that the work will be commenced at once.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Dennis Harris, colored, arrested by Officer Roberts charged with stealing brass from Reiter, Curtis & Hill, was held for the action of the Alexandria county authorities.

Wm. H. Skinner, Samuel Smith and Charles Gray, arrested by Officers Bell, Young, Patterson, Bettis and Smith charged with assaulting Logan Smith, had their case continued.

Wm. Hansburger, arrested by Officer Roberts charged with stealing a pair of shears, was fined $5.

Harrie Baker, colored, arrested by Special Officer Mullen charged with drunken and disorderly conduct, was fined $2.50.

Sallie Porter, arrested by Lieutenant Smith charged with disorderly conduct, was fined $5.

Robert Sanders, colored, arrested by Officers Bell and Patterson charged with disorderly conduct and fighting was dismissed.

Ollie Gaskins, colored, arrested by Officer Nicholson charged with assauling Annie Gaskins, was fined $2.50.

Negroes in a Fight.

Late yesterday evening a large crowd of negroes gathered on a wharf a short distance south of Prince street from which place the steamer River Queen was to take excursionists down the river. While waiting for the boat trouble arose between some of the crowd, during which Logan Smith was struck over the head with a stick of cord wood wielded by one of his antagonists. Officers Young and Roberts went to the scene and the former arrested W. H. Skinner, and later Officers Bell, Patterson, Bettis and Smith took Samuel Smith and Charles Gray in custody. They were brought before the Police Court this morning when their case was continued in the absence of material witnesses.

A Nuisance.

The law forbidding the casting of kitchen offal in the streets of the city is plain. This includes banana skins, but it seems that to many the law is more honored in its breach than its observance. These menaces to life and limb as well as health are to be found daily on pavements, and the practice of dropping the rinds anywhere is on the increase. King street is especially littered with them. This morning skins from about a dozen bananas were lying at the mouth of the sewer at the southwest corner of King and Fairfax streets, and thousand of flies had been drawn thither by them. It would seem that measures could be instituted to stop such wanton violations of law on the main street of the city.

Block System on Southern.

The Southern Railway Company has completed the installation of a modern block system on its main line. The system cost the company a large amount, but the road is as well protected from accidents as any in the country. The system now in operation covers the line from Washington to Atlanta. There are 158 block stations between these two points and they average four and one-tenth miles apart. Improved interlocking switch and signal apparatus has been installed at passing tracks and all grade crossings, facilitating the handling of all trains. The block system is being installed on other parts of the road as rapidly as possible.

Mr. Joseph F. Rodgers has received the contract to improve the residence of Mr. Park Agnew on south Pitt street.

Personal.

Dr. L. M. Blackford, of the Episcopal High School, near this city, accompanied by his eldest son, left here this evening for New York, to sail tomorrow by the steamer Minnehaha for London. They will spend a few weeks travelling in England and will be home the first week in September. Dr. Blackford will be represented at the school as usual by his friend, Mr. E. L. McClelland, of Washington.

Rev. D. H. Scanlon, of the Presbyterian Church, will take his month of vacation during August, and will fill the pulpit of the Presbyterian Church at Alexandria during that time. Mr. Scanlon has received many flattering comments upon his decision to fill the pulpit at Alexandria, and thus really give up his vacation, as the minister there is not in good health, and the relief is more than gratefully received.—[Clarke Courier.

Miss Bessie Smith, of Alexandria, is the guest of Miss Mary Moncure.—[Fredericksburg Star.

Miss Mary D. Hunter, daughter of Mr. and Mrs. Benjamin P. Hunter, and Mr. P. P. Clark, of Wilson, N. C., were married Wednesday evening at the residence of the parents of the bride, near Fort Hunt, in Fairfax county. The ceremony was performed by Rev. J. P. Stump of this city.

Ex-Mayor Simpson, who has been confined to his home for the past week by sickness, is able to be out again.

Misses May and Lizzie Fitzgerald, of Washington, are visiting the home of Mr. and Mrs. John T. Sheehey, on south Columbus street.

Mrs. W. H. Lambert, who has been seriously ill for some weeks past, has so far improved as to be able to sit up.

Adverse Decision.

Secretary Bonaparte forwarded his decision in the matter of the half holiday for the employes of the Washington navy yard, on Saturdays during the summer, to the department, from Baltimore yesterday. The Secretary refers to the former report of the Navy Department to the President that it was not deemed expedient to grant the request for a half holiday at the navy yards. Among other things the Secretary says: "This decision of the department, having been approved by the President, closed the question, but, in view of the further requests to the same effect, the Secretary of the Navy has carefully reconsidered the subject and concludes that the half holiday requested cannot be granted with due regard to the public interest. The necessity for strict economy on the part of this department is obvious and so urgent that the department would not be justified in recommending to the President action involving serious additional expense to the government, whatever might be its desire to meet the wishes and promote the pleasure of its employes."

Believed to be Stolen Property.

Officers Ferguson and Arrington yesterday had reason to believe that sundry articles, supposed to have been stolen from railroad cars, were on the premises of a colored woman named Hattie Douglas, who lives in the western part of the city. Lieutenant Smith was notified and later he and the officers mentioned above searched the house and found three boxes of underwear, which they carried to the station house. It was ascertained that a colored man placed the goods where found, and the officers are endeavoring to locate him.

Watch Recovered.

Mrs. Geo. C. Smith, of No. 325 north Columbus street, about six weeks ago lost a gold watch and pin. She published an advertisement in the Gazette for three days, but received no response at the time. A lady who did not take the Gazette found the watch. Yesterday she purchased from her grocer a loaf of bread which was wrapped in a Gazette. Though the paper was six weeks old she read it and then saw the advertisement of the lost watch, which she promptly returned.

The Weather.

While other portions of the country were suffering yesterday from heat and humidity, conditions were by no means severe in Alexandria, and after dark a fresh southerly breeze refreshed man and beast. The weather bureau predicts higher temperature during the next few days with high winds, which will be more acceptable than the excessive humidity which has been the cause of so much discomfiture recently.

Union Excursion.

The annual union Sunday school excursion took place today. The weather was fair and many scholars, teachers and their friends participated in the outing. The steamer Pocahontas made several trips during the day for the accomodation of the excursionists and a boat will leave late in the evening for the benefit of those who were unable to go on the other trips.

Excursion from Manassas.

The teachers and scholars of the Episcopal Sunday school at Manassas together with others went on an excursion to Marshall Hall today. They reached this city early this morning via the Southern Railway, and went aboard the steamer Charles Macalester at the foot of Prince street. The excursionists will return late this evening.

LOCAL BREVITIES.

It is now predicted that the "seventeen-year locusts" will visit this section of the State next year.

A marriage license was issued in Washington yesterday to Clarence C. Parker and Helen H. Hall, both of Alexandria.

Mr. Charles Cogan has been awarded the contract for lighting the boardwalk at Colonial Beach with 2,000 candle power air lights.

Mr. J. D. Knight has been awarded the contract by the Red Oil Company, of Baltimore, for the erection of an oil house on north Fairfax street. Mr. Knight has finished the buildings for the Alexandria Glass Works, just northwest of the city.

As was stated in yesterday's Gazette, about a dozen members of the operating force of the electric railway were discharged yesterday. It is understood that some of the dismissals were for incompetency, others for improper conduct and some for more serious reasons.

A little son of the late Joseph Pulman was taken to the Alexandria Hospital today suffering from typhoid fever. The child became sick while visiting Manassas and was brought here this morning on train No. 14. The appearance of the hospital ambulance at the depot gave rise to a report that a little boy had been run over by the cars.

Fleischmann's easy reading time table of the electric railway will be ready for distribution July 15th. Many important changes.

How He Told Counterfeits.

"We have a man in this office," remarked one of the officials of the treasury department the other day, "who is without a peer anywhere in the country when it comes to spotting a counterfeit coin. His faculty for telling the spurious product has been developed to a remarkable degree. He gave an illustration of his skill the other day. On that table in the corner there were piled up a couple hundred half dollars. Apparently they were all sound and genuine specimens from the government mint. Our expert walked into the room, and, giving one glance at the pile of halves twenty-five feet distant, he quietly remarked:

"'There's a counterfeit in that stack.'

"He then stepped up to the table and pulled a coin from out of the middle of the pile. It was tested and found to be spurious. I asked the man to tell how he discovered the counterfeit.

"'By the reflection of the light,' he replied. 'The rays cast from that coin were wholly different from those sent out by the other pieces. That coin stood out as distinctly from the rest as a blood red poppy in a field of white flowers.'"—Washington Cor. Brooklyn Eagle.

Depth to Plant a Tree.

"As to the depth to plant a tree," says Suburban Life, "it seems to be the general idea that the future prosperity of the tree is proportionate to the depth and firmness with which it is placed in the ground, and the percentage that plant too shallow is almost too insignificant to be worth considering, for the sinning is all in the opposite direction. Look for the mark made by the earth on the trunk of the tree when it stood in the nursery, and, going by that, although it may seem shallow to you, you will make no mistake. The roots want warmth, light and moisture, such as they receive when placed properly, but when hermetically sealed two to three feet in the ground it is impossible to develop any vigorous root action while contending against the terribly handicapping conditions. Give your tree plenty of feeding ground, plenty of good fibrous earth, and if the place of planting is not naturally suitable dig it out deep and put in what is needed."

The Story of the Quinine Tree.

The quinine bearing trees named by Linnæus cinchona were so called in honor of Ana, countess of Chinchona, vicereine of Peru, in 1629, a Spanish lady whose first husband was twice viceroy of Mexico and once of Peru, and her second also viceroy of Peru. While in Lima she fell ill of an ague, from which she was relieved by the powder of a bark given to her physician by a Peruvian noble, whom it had cured some years before, and when she returned to Europe she took with her a quantity of this bark. She died before reaching Spain, but it was owing to her cure and the measures she had taken to make known the remedy that quinine was first introduced into Europe, where the knowledge of its virtues was soon spread by the Jesuits. The name properly should be, according to the Spanish, chinchona, but it is rarely so spelled.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five miuutes I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy it for sale by Gibson and Timberman and W. F. Creighton & Co.

AUCTION SALES.

COMMISSIONERS' SALE OF REAL ESTATE ON FRANKLIN STREET EXTENDED IN FAIRFAX COUNTY, VIRGINIA.

By virtue of a decree entered in the chancery suit between John A. Seaton, complainant, and Benjamin Franklin et als., defendants, depending in the Corporation Court of the City of Alexandria, Va., the undersigned commissioners, appointed by the court to make sale of the real estate mentioned in said suit, will offer for sale at public auction, in front of the Royal street entrance to the Market Building, in the said City of Alexandria, at 12 o'clock noon, on

SATURDAY,
the fifteenth day of July, 1905,

A CERTAIN LOT OF GROUND, which belonged to the Franklin estate and which in the above mentioned suit was allotted to Phoebe Cupid's heirs, situated on Franklin street extended near the corporate limits of the City of Alexandria, Virginia, in Fairfax county, designated and known as lot number 2 in a plat and survey made by J. Owens Berr & Co., and filed in said suit, fronting on Franklin street extended 42.5 feet by 197.5 feet. Said plat may be seen in the office of John M. Johnson, 111 south Fairfax street, Alexandria, Virginia.

Terms of Sale: Ten per centum of the purchase money to be paid in cash and the residue thereof in equal installments at six, twelve and eighteen months, bearing interest, the deferred payments to be evidenced by the notes of the purchaser and to be secured by the retention of the title until the purchase money is fully paid and satisfied. Conveyance at the cost of the purchasers.

JOHN M. JOHNSON,
K. KEMPER,
Commissioners of Sale.

I certify that John M. Johnson has executed the bond required by the decree of sale in this suit. JOHN S. BEACH, Clerk.

RUSSIAN AFFAIRS.

The assassin of Count Shuvaloff, Prefect of Police of Moscow, has been identified as a former school teacher, of terrorist tendencies, and it has been found the bullets he used were poisoned.

Governor-General Trepoff of St. Petersburg is receiving repeated warnings from the terrorists, and it is said he expects to be assassinated.

Twenty-four leaders in the recent rioting at Odessa were put to death and 17 more have been condemned to the same fate.

The Czar and the army officials are worried over the open rebellion in a number of regiments. Yesterday it was reported that four grenadier regiments at Moscow had mutinied, and that at Warsaw on Wednesday certain officers refused to give the command to their men to fire on people who were making a demonstration.

The bomb factory seized at Tiflis, Caucasia, is considered an important haul. It contained, in addition to finished bombs, a large quantity of dynamite, nitroglycerine and other explosives. Thirteen persons belonging to the local revolutionary committee were captured. A chemist who was implicated committed suicide.

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption. Coughs and Cold which cured her, and to-day she is well and strong.' It kills the germs of all diseases. One dose relieves. Guranteed at 50c and $1.00 by E. S. Leadbeater & Sons, druggist. Try them today.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Indigestion Cured.

There is no case of indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from Indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

The Only Way to Cure.

To cure a cold when you have no cough—to cure a cough when you have no cold—to cure yourself when you have both—take Kennedy's Laxative Honey and Tar. The new idea, the original Laxative Cough Syrup. It contains no opiates and is best for coughs, colds, croup, whooping cough, etc. Pleasant to the taste and equally good for child or adult. Remember the name, "Kennedy's," and see that the red clover blossom and the honey bee is on the bottle, Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. Take no other. Sold by W. F. Creighton, 401 King street, and corner of Queen and Patrick street.

Buy It Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhœa Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life. For sale by Gibson & Timberman and W. F. Creighton & Co.
